RE: Galster v. Duda, No. 4:03CV01013 GTE

Dear Edie:

The plaintiff objects to a continuance in the above referenced case. I am truly sympathetic to Mr. Cortinez's schedule; however, this is the second time his client has waited till the "eleventh hour" to obtain a continuance. Additionally, I am already set for trial in March. Therefore, we respectfully request this Court maintain the February trial setting.

Sincerely,

  
Joe Woodson, Jr.
